SPECIAL NOTICES.

IT IS A FACT ESTABLISHED and well known that the Arabians attained a height in the knowledge of medicine which caused the whole world to wonder and admire. With them the science of chemistry had its birth, and it is, therefore, not at all strange that a people so eminently successful in the healing art, and so persevering and daring in their experiments, should by actual and untiring effort, discover remedies far surpassing in efficacy all others, for the cure of those diseases incident to them from their mode of life. The greater part of their time being spent in hazardous and arduous warfare with the different tribes, they were subjected to the most violent attacks of rheumatism, paralysis, neuralgia, pains, and various inflammatory diseases, as also the most horrid wounds, sprains, bruises, tumors, swellings, diseases of the joints, etc. All these diseases they were so surprisingly efficient in curing, that the uninitiated looked with wonder and attributed their skill to the powers of magic. H. G. FARRELL'S ARABIAN LINIMENT is a composition of balsams and oils, from rare plants peculiar to this country, and it was by the use of the articles composed of them, that not only their physicians, but even the wild Arabs of the desert were enabled to perform such marvellous cures. This Arab Liniment is world-renowned for his beautiful symmetry of form, his unsurpassed speed and agility, and the incredible fatigue he is capable of enduring. Why is it? Because from the time of his birth his limbs are carefully watched, and upon the first appearance of disease the magic lotion is applied, and such things as confirmed syphilis, polio, stoma, ringbone, scalds, sprains, rheumatism, etc., are unknown. The same result will follow in all cases where H. G. Farrel's Genuine Arabian Liniment is used in time. Therefore delay not in procuring a good supply of it, for every dollar spent in it will save you twenty, and a great deal of suffering, if not your life.

LOOK OUT FOR COUNTERFEITS!

The public are cautioned against another counterfeit, which has lately made its appearance. W. B. Farrel's Arabian Liniment, the most dangerous of all counterfeits, because it has the name of H. G. Farrel, many will buy it in good faith, without the knowledge that a counterfeit exists, and they will thereby only discover their error when the spurious mixture has wrought its evil effects.

The genuine article is manufactured only by H. G. Farrel, sole inventor and proprietor, and whose name is blown in the glass of each bottle. To whom all applications for Agencies must be addressed. Be sure you get it with the letters H. G. before Farrel's name. H. G. Farrel's name and his signature on the wrapper, all other are counterfeits.

Sold by all druggists and by regular authorized agents throughout the United States.

AGENTS WANTED in every town, village and hamlet in the United States. For full particulars, send for circulars to H. G. Farrel, above, accompanied with good character, responsibility, etc.

FOREIGN NEWS.

CONSTANTINOPLE, Sept. 5.—Ahmed Pasha yesterday repulsed the Russian attack at Kadi, near Ruse. The Russian lost 1,000 men. The Turks have obtained a still further command of the Galvose road to Shipka pass. The cannonading was going on between hostile batteries in the pass.

LONDON, Sept. 5.—A correspondent at Shipka pass says the Russians have made a fine road up the pass for the passage of large army into Roussia. New bridges and other improvements in the road are still being made.

LONDON, Sept. 5.—The Times, Bucharest correspondent, discredits the reported advance upon Plevna. Nevertheless the rumor has reached Constantinople as well here.

The Grand Duke is at Paredis.

PARIS, Sept. 5.—Edward F. Noyes, appointed United States minister to France, will present his credentials and Eli Washburn his letter of recall to President McMahon this afternoon. Washburn's numerous engagements and early departure have obliged him to decline the banquet tendered by the Americans in Paris and the honors intended by his French friends.

B. Clay Crawford or Osman Pasha.

CHICAGO, Sept. 5.—The Post learns that Gen. Joseph F. Reynolds, a lawyer of this city, was intimately acquainted with B. Clay Crawford, who joined the Sixty-fourth Regiment of Illinois Volunteers at Wilmington, Ill., in which Reynolds was lieutenant. Crawford rose rapidly in rank on account of bravery and merit. Gen. Reynolds has corresponded with him since the war and in '73 had a letter from him stating that he had a letter from him.

It is a composition of balsams and oils, from rare plants peculiar to this country, and it was by the use of the articles composed of them, that not only their physicians, but even the wild Arabs of the desert were enabled to perform such marvellous cures. Last Night's Telegrams.

CINCINNATI, Sept. 4.—At a meeting of federal and confederate soldiers held in this city to-day, the question of holding a grand reunion of the members of both armies in this city next year was discussed. An initiative was taken by the appointment of a committee on organization, consisting of thirteen union and twelve confederates, to arrange for a state organization throughout the country and a sanitary mixed committee of ten to visit Marietta and invite the co-operation of the soldiers now gathered there.

TOLEDO, O., Sept. 4.—The gauge of the barrels of the West Chicago alcohol works, shipped here, having been cut by Guager Case and that establishment making an issue on the gauge, the barrel was emptied and taken to pieces, when it was discovered that the wood around the bung had been rimmed out and the opposite staves gouged out so that the quantity of spirits was apparently increased by at least one gallon. The result of this affair is that the alcohol works pay to R. Brad & Co. \$600 deduction on their purchases on account of this fraud.

MEMPHIS, Tenn., Sept. 4.—The Avallene of to-morrow will contain a sketch of Col. R. Clay Crawford, who is said to be in the person of Osman Pasha. Crawford's father was a school teacher in Rogersville, Tenn., where Robert's boyhood was passed, and Rev. Johnson, about 1849, gave young Crawford an appointment to West Point. There he resisted an arrest for dereliction of duty and was expelled. A few years later he was sentenced by the Federal court of Virginia for robbing the mail, and in a few weeks escaped from confinement. In 1863 he burst in on Rogersville as a dashing colonel and chief of artillery on some Federal general's staff and carried things with a high hand among the old citizens of Hawkins county. After the war he figured in a high raid of plundering over the Rio Grande. Here all trace of the bold rider is lost.

DES MOINES, Iowa, September 4.—The experts yesterday found the area drained by Four Mile Creek to be about 1,500 acres. Also that the rainfall was a good one, and that the water known for thirty years. The investigation will be thorough and complete.

The broken culverts on the Chicago and Rock Island and the Keokuk roads are all repaired, and trains are moving as usual.

STERLING, Ill., September 4.—The barn of George Keeter, west of this town, was burned on Sunday night. Seven houses, several hundred bushels of wheat and oats, and all the farming implements were consumed. Loss, \$3,000. The insurance unfortunately had just expired. The fire was the work of an incendiary.
